## Brandon/Fairwater Fire Department Seeking Members

The Brandon/Fairwater Fire Department is in need of volunteers. Our current active roster stands at 23 members but due to many valid reasons we have responded with only 5-10 members and recently, only 2. Members join us on scene but manpower is key when responding to a call!

We are seeking new members so we can safely and effectively protect and serve the citizens of our Villages and surrounding communities. Finding residents that reside within the Villages of Brandon - Fairwater is critical as that is where our two stations are located.

### Why volunteer?

Ask any volunteer firefighter why they accept the challenges they do and they will tell you in their own words that they feel a need to help others and give back to their community. There is also satisfaction and a sense of accomplishment when assisting others at a time they deal with the worst that life has to offer. When you join the fire service you are joining a profession steeped in tradition, a brotherhood dating back to the beginning of American history. You can walk into any firehouse in the country, tell them you are a firefighter and you instantly have this connection and shared sense of commitment to something greater than yourself.

Members are compensated for fire calls and monthly training. There are many “non” monetary rewards such as volunteerism, team work, children in awe of a fire truck and most importantly grateful citizens who thank you for your valuable and irreplaceable service!

### We would like to hear from you!

Volunteering in emergency service is an important & rewarding opportunity! To ALL of the young men and women in our community, or to the past members, we need you. To join our team, please call Andy (Bubba) Kastein at 920-904-1866. Or stop by the Brandon fire station on the second and third Tuesdays of every month at 6:30 pm, when we have our trainings and meetings. Thank you in advance!

*Andy Kastein-BFFD*
