We are asking anyone who is experiencing cough or a fever to refrain from entering public buildings until their symptoms pass. Delivery of essential public services is dependent on our workforce and it is essential that we work together to help prevent the spread of the virus in public facilities that these staff work within. We are advising the public to follow all CDC guidelines to prevent the spread of COVID-19 which includes hand hygiene, social distancing, and self-quarantining. If you desire to reduce your contact with others, consider voting absentee (www.myvote.wi.gov), paying your bills online (through www.govpaynow.com or your online banking provider) and contacting village staff members via email or by phone. Information is available on the village's website at www.villageofbrandon.com.
